Dear Folks  
Happy Easter!

I reckon "little" Frank  
has come and gone — But  
from all reports — He sure  
musta had a swell time  
while he was there —

How are you — all "adoin"?  
Has Ma Ma Look thrown away  
that cane as yet? — She'd better.

Georgelville — the cookies were  
wonderful — (a wee bit stale but that  
made 'em much easier to chew)  
I thought at the time (I was so  
flushed — I'd just heard about  
Daddy and thought he was dead)  
that both boxes were candy  
and that was you accordingly  
— But yesterday I opened my  
second box of "candy" and  
so I behold — 'twas cookies.

What a pleasant surprise! -  
I'd rather have the Loops prize  
home made cookies any day - (Of  
course they a little better with  
the Loops Thompson modifications  
(I wear colors and breeches etc.)  
How about an encore? - No hurry  
I just want to put in for some  
future rainy night when you are  
sitting around not doing anything.  
(But from my most recent Thompson  
gestapo reports I you don't have such  
evenings anymore -) Oh well if  
you ever make some cookies I set  
aside a few for ol' "Dr Lee".

Write soon -

Love,  
Gerry.

Please send me some cookies.
